### LIVE STOCK, CROP, ETC.

—Matt. Turney, Woodlake, Ky.,  
booked two mares to Baron Wilkes, Jr.

—P. H. Harney, of Morning Glory,  
Harrison county, has sold his farm and  
will move to Bourbon.

—At the sale of Geo. W. Linney, near  
McAfee, Mercer Co., last week, 100  
barrels of corn brought \$8.05 per bar-  
rel and wheat 76 cts. per bushel.

—The largest sale of tobacco ever  
made in Bath county was that of George  
G. and J. Carroll Hamilton, who sold to  
the Continental Tobacco Company's  
agent 225,000 pounds for \$17,437.50.

—W. B. Hawkins, of Lexington, or-  
ganized the tobacco growers of Mont-  
gomery county in a meeting Monday at  
Mt. Sterling. He will organize the  
Clark county growers next Monday.

—They are having good sales at Lex-  
ington this week. Lots of buyers are  
there from Ohio, Indiana and several  
buyers from the South. It is said that  
the sales were a success.

—Kinsea Stone, of Georgetown,  
bought at Lexington, Baronette by  
Baron Wilkes 2:18, first dam Evelyn  
(dam of Cuckoo 2:16 1/4) by Egbert 1:18,6,  
and has booked her to Baron Wilkes, Jr.

—At the Woodard & Shanklin horse  
sales at Lexington, Wednesday, Nanon  
Wilkes, blk. m. 10, by Madison Wilkes,  
dam Nanon, sold to Douglas Thomas,  
of this city, for \$55.

—L. W. Hudson, of the Brady Union  
Stock Yards, shipped to J. J. Cummins  
& Co., of Higginston, Ga., what is pro-  
nounced the best car load of mules ever

with one span at \$500.

—Though the Wyoming blizzard is  
over, the sheepmen are not relieved, as  
the mercury dropped at a rapid rate and  
at some places was 25 degrees below  
zero. At some points the snow was  
twenty feet deep.

—The farmers and stock men of Grant  
and Kenton counties have organized a  
Horse and Mule Protective Association,

thieves. The association begins business  
with 125 members.

—The largest apple orchard in the  
world is said by authority of a corres-  
pondent of the New York World to be  
located on the Ozark plateau near  
Lebanon, Mo. The orchard contains  
138,000 trees and comprises 2,300 acres.  
Its apple crop last year is valued at more  
than \$1,000,000.

—It is almost impossible to get hands  
to break hemp, notwithstanding the  
fact that farmers are paying \$1 per  
hundred. The negroes, as a rule, will  
not work as long as they can live oth-  
erwise, and put off doing anything un-  
til the meat and bread supply is com-  
pletely exhausted. Now why is it that  
a howl goes up when machinery is se-  
cured to do their work?—Lancaster  
Record.

—An unusually large crop of hemp  
was raised in Boyle county this year,  
and of a quality much better than was  
expected. The crop is also better in  
quality than that of last year. The  
total production of the county is esti-  
mated about 2,000,000 pounds, a con-  
siderable increase over last year, due  
to both a large acreage and heavier  
production. In surrounding counties  
about the same conditions prevail. Most  
of the crop is selling at \$5 per 112  
pounds.—Danville Advocate.
